

## How to Form a Local Chapter of the M.I. Hummel Club

Each Local Chapter of the M.I. Hummel Club is an individual group with different goals and objectives. The M.I. Hummel Club wants to help you achieve those goals and meet the needs of your Local Chapter members. Consequently, we have developed the following guidelines, which are designed to keep you, the Local Chapter, and the M.I. Hummel Club in tune with each other.

Keep in mind; your group must follow the guidelines listed below to be recognized as a Local Chapter of the M.I. Hummel Club.

### To Form a New Local Chapter

#### Sign Up Members:

Submit the names and M.I. Hummel Club membership numbers of all of your prospective members to M.I. Hummel Club Headquarters. (Don't forget to include their e-mail addresses.) Your Local Chapter must have a minimum of five active members of the M.I. Hummel Club. If you do not know of other M.I. Hummel Club members who may be interested in joining a Local Chapter, contact the M.I. Hummel Club.

#### Select a Local Chapter name:

- Your Chapter's formal name should be geographic or regional. While most groups select the names of cities or counties in which your Chapter is based, a few have chosen easily identifiable area names, i.e., Mile Hi Chapter located near Denver, CO.
- In addition to your Chapter's formal name, M.I. Hummel Club Headquarters has authorized Chapters to select informal names using the titles of *M.I. Hummel* motifs.

#### Designate Local Chapter Leaders:

Designate two members to be your Chapter's President and Secretary to correspond with the Local Chapter Correspondent at the M.I. Hummel Club.

When your group fulfills all of the above policies, the M.I. Hummel Club will send you a packet to acknowledge your group as a Local Chapter of the Club.

Now that you've learned about the benefits of Local Chapters and how the Local Chapter community helps you and your friends enter the world of M.I. Hummel collecting and fun, now you can start your own Chapter.
